

MIZORAM PUBLIC SERVICE COMMISSION
GENERAL COMPETITIVE EXAMINATION FOR RECRUITMENT TO THE
POSTS OF JUNIOR ACCOUNTS OFFICER (JAO) UNDER FOOD, CIVIL
SUPPLIES & CONSUMER AFFAIRS DEPARTMENT,
GOVERNMENT OF MIZORAM.
(JULY, 2026)

QUESTION BOOKLET

PAPER-II

**Question
Booklet Series**

A

Time Allowed : 2 hours

Maximum Marks : 200

INSTRUCTIONS

1. Immediately after the commencement of the examination, you should check that this question booklet does not have any unprinted or torn or missing pages or items, etc. If so, get it replaced by a complete question booklet of the same series.
2. Write and encode clearly the question booklet series (A or B as the case may be) in the appropriate place on the OMR Response Sheet.
3. **Particulars/Details to be filled up in the Answer Booklet and OMR Response Sheet should be filled up completely and correctly, candidates failing to do so will NOT be evaluated.**
4. This Question Booklet contains 100 questions carrying 2 marks each. Each item comprises of four responses (answers). Mark the response you want on the OMR Response Sheet.
5. You have to mark all your responses only on the separate OMR Response Sheet provided. See directions in the OMR Response Sheet.
6. After the examination has concluded, you should hand over the OMR Response Sheet and Rough Sheet to the Invigilator only. You are permitted to take away with you the Question Booklet.
7. Separate sheets for rough work will be provided in the Examination Hall.
8. **Notes regarding Negative Marking :**
 - (i) *There will be penalty (negative marking) for every wrong answer given by a candidate in the MCQ type questions.*
 - (ii) *For each question for which a wrong answer has been given by the candidate, one third of the marks assigned to that question will be deducted as penalty.*
 - (iii) *If a candidate gives more than one answer to one question, it will be treated as wrong answer even if one of the given answers happens to be correct and there will be same penalty as above for that question.*
 - (iv) *If any question is left blank i.e. no answer is given by the candidate, there will be no penalty for that question.*

1. Recently, INTERPOL has published its first ever Silver Notice, it is associated with:
 - (a) tracing and recovering criminally obtained assets.
 - (b) locating missing persons.
 - (c) seeking the location and arrest of persons wanted for prosecution.
 - (d) seeking information on unidentified bodies.
2. The 'Project Waterworth', sometimes mentioned in the news, is related to:
 - (a) A global initiative aimed at improving groundwater recharge and conservation.
 - (b) A technology-driven project for realtime water quality monitoring and assessment.

 1. Under the Alliance, a British Resident was posted in the court of Indian rulers.
 2. It was introduced by the Governor- General Warren Hastings.Which of the statements given above is/are correct?
 - (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
6. In the Gupta administration, the empire was divided into provinces, each under a governor, and further into districts under local heads. Which of the following terms correctly refer to the provincial governors and the district heads, respectively?
 - (a) Uparikas and Vishayapatis
 - (b) Bhogikas and Vishayapatis
 - (c) Amatyas and Uparikas
 - (d) Vishayapatis and Sannidhatas
7. With reference to the Anglo-Maratha Wars, consider the following statements:
 1. The First Anglo-Maratha War ended with the Treaty of Salbai.
 2. The Second Anglo-Maratha War took place during the tenure of Lord Wellesley.Which of the statements given above is/are correct?
 - (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
8. Consider the following statements:
 1. Convectional rainfall occurs primarily in polar regions.
 2. Orographic rainfall is caused by mountains forcing moist air to rise.Which of the above statements is/are correct?
 - (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2

9. In the context of Earth's climate system, what does the term "Heat Budget" refer to?
- The total heat stored in oceans and continents at any given time
 - The balance between incoming solar radiation and outgoing terrestrial radiation.
 - The total energy reflected by clouds and the Earth's surface
 - The heat absorbed by water vapour and greenhouse gases
10. Which of the following statements is **not** correct regarding the Inter Tropical Convergence Zone (ITCZ)?
- It is a high-pressure zone located at the equator where trade winds converge.
 - The seasonal migration of the ITCZ is one of the major factors responsible for the onset and withdrawal of the Indian monsoon.

Select the correct answer using the code given below.

- | | |
|------------------|---------------------|
| (a) 1 only | (b) 2 only |
| (c) Both 1 and 2 | (d) Neither 1 nor 2 |
11. With reference to Fundamental Duties under the Constitution of India, consider the following statements:
- These were not present in the original Constitution adopted on 26th January 1950.
 - They are applicable to all persons residing in the territory of India.
 - Parliament can enforce the Fundamental Duties by enacting a law.

Which of the statements given above is/are correct?

- | | |
|------------------|------------------|
| (a) 2 only | (b) 1 and 2 only |
| (c) 1 and 3 only | (d) 1, 2 and 3 |
12. Who among the following was **not** a member of the Drafting Committee of the Constituent Assembly?
- | | |
|-----------------------------|-------------------------|
| (a) J.B. Kripalani | (b) K.M. Munshi |
| (c) Syed Mohammad Saadullah | (d) T.T. Krishnamachari |

13. Consider the following statements regarding Gross National Product (GNP):
- It measures the total monetary value of output produced by a country's residents and foreigners in the domestic territory of the country.
 - It does not include intermediate goods and services.

Which of the statements given above is/are **not** correct?

- | | |
|------------------|---------------------|
| (a) 1 only | (b) 2 only |
| (c) Both 1 and 2 | (d) Neither 1 nor 2 |
14. The UNDP's Human Development Index (HDI) does **not** include which of the following indicators?
- | | |
|------------------------------|--------------------------------------|
| (a) Life expectancy at birth | (b) Gross National Income per capita |
| (c) Mean years of schooling | (d) Infant mortality rate |
15. Which one of the following subsidies is most likely to fall under the Amber Box category of the World Trade Organization (WTO)?
- Direct income support to farmers not linked to production
 - Public investment in agricultural research and extension services
 - Subsidies directly linked to production that are considered to distort trade and output
 - Payments to farmers for adopting environmentally sustainable farming practices
16. Green pages in the Red Data Book of the International Union for Conservation of Nature denote:
- Species that have never been endangered
 - Species that were previously endangered, but are no longer threatened
 - Species that are in the least concern category
 - Species that are in the data-deficient category

17. In the context of ecology, Amensalism refers to:
- (a) an interaction where both species are harmed.
 - (b) a relationship in which one species is inhibited while the other is unaffected.
 - (c) an association where both species benefit.
 - (d) a relationship in which one organism is benefited by direct utilization of another.
18. A man is pushing hard against a rigid brick wall. In this context, which among the following is correct?
- (a) The internal energy used by the man is zero.
 - (b) The work done by the man is zero.
 - (c) The force applied by the man is zero.
 - (d) None of the above
19. Which of the following are advantages of Lithium-ion batteries over conventional lead–acid batteries?
- 1. Light weight
 - 2. High energy density
 - 3. Lower cost
- Select the correct answer using the code given below:
- (a) 1 only
 - (b) 1 and 2 only
 - (c) 1 and 3 only
 - (d) 1, 2 and 3
20. Radioisotope Iodine-131 is commonly used in the treatment of which of the following medical conditions?
- (a) Lung infections
 - (b) Prostate cancer
 - (c) Thyroid disorders
 - (d) Kidney stones
21. The term ‘Zupui Ni’ is associated with which Mizo festival?
- (a) Mim Kut
 - (b) Pawl Kut
 - (c) Chapchar Kut
 - (d) Hnahsin Kut
22. ‘Operation Jericho’, often mentioned in the history of Mizoram, refers to:
- (a) The British annexation of the Lushai Hills after the 1871–72 expedition
 - (b) The MNF-led armed uprising aimed at securing independence for Mizoram in 1966
 - (c) The formation of a Mizo battalion during the Second World War
 - (d) The aerial bombing of Aizawl by the Indian Air Force in March 1966.
23. In Mizo folklore, a female character is said to have miraculously emerged from a festering wound on a man’s thumb. Who was she?
- (a) Chhingpuii
 - (b) Chemtei
 - (c) Kungawrhi
 - (d) Chawngchilhi
24. In which year were the North and South Lushai Hills united into a single district with its headquarters at Aizawl?
- (a) 1871
 - (b) 1890
 - (c) 1898
 - (d) 1947
25. Which of the following Stadium became the first venue to host three FIFA World Cup opening matches?
- (a) BC Plate
 - (b) Rose Bowl
 - (c) Estadio Azteca
 - (d) Metlife Stadium
26. The recently launched ‘Project Thaichhawninu’ will be implemented in:
- (a) 28 RD Blocks
 - (b) 27 RD Blocks
 - (c) 26 RD Blocks
 - (d) 25 RD Blocks
27. The Ilbert Bill controversy during British India was related to:
- (a) Press freedom
 - (b) Judicial equality between Indians and Europeans
 - (c) Land revenue reforms
 - (d) Expansion of railways

28. The Vernacular Press Act of 1878 was enacted to:

- (a) Promote Indian language newspapers
- (b) Restrict criticism of British policies in Indian-language newspapers
- (c) Encourage literacy among peasants
- (d) Regulate English education

29. Consider the following statements regarding the Cripps Mission:

- 1. It was sent during the Second World War.
- 2. It proposed Dominion Status after the war.
- 3. It was accepted unanimously by Congress and the Muslim League.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

30. Consider the following statements regarding cyclones:

- 1. Tropical cyclones derive energy from warm ocean waters.
- 2. Cyclones rotate clockwise in the Northern Hemisphere.
- 3. The eye of a cyclone is generally calm.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

31. Consider the following statements:

- 1. The Equator passes through Sri Lanka.
- 2. The Tropic of Cancer passes through India.
- 3. The Prime Meridian passes through Greenwich.

Which of the statements given above is/are correct?

- (a) 1 and 3 only
- (b) 1 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

32. The highest plateau in the world is:

- (a) Deccan Plateau
- (b) Colorado Plateau
- (c) Tibetan Plateau
- (d) Iranian Plateau

33. Consider the following statements regarding Money Bills:

- 1. A Money Bill can be introduced only in the Lok Sabha.
- 2. The Rajya Sabha can reject a Money Bill.
- 3. The Speaker certifies whether a Bill is a Money Bill.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

34. The term “Judicial Review” refers to the power of the judiciary to:

- (a) Amend the Constitution
- (b) Review the working of political parties
- (c) Examine the constitutional validity of laws and executive actions
- (d) Conduct elections

35. Which Schedule of the Constitution deals with anti-defection provisions?

- (a) Seventh Schedule
- (b) Eighth Schedule
- (c) Tenth Schedule
- (d) Eleventh Schedule

36. Which among the following is NOT a constitutional body?

- (a) UPSC
- (b) Finance Commission
- (c) NITI Aayog
- (d) Election Commission

37. Consider the following statements regarding Self Help Groups (SHGs):

1. They function exclusively in urban areas.
2. They promote financial inclusion.
3. They are generally formed by small groups with common socio-economic objectives.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

38. The “dependency ratio” refers to:

- (a) Ratio of exports to imports
- (b) Ratio of dependent population to working-age population
- (c) Ratio of urban to rural population
- (d) Ratio of tax revenue to GDP

39. Sustainable development was most famously defined in which report?

- (a) Kothari Commission Report
- (b) Brundtland Report
- (c) Sarkaria Commission Report
- (d) Kelkar Committee Report

40. Which of the following pollutants is mainly responsible for acid rain?

- (a) Carbon monoxide and methane
- (b) Sulphur dioxide and nitrogen oxides
- (c) Ozone and helium
- (d) Hydrogen and oxygen

41. Consider the following statements regarding biosphere reserves:

1. They aim to balance conservation and sustainable use.
2. They are recognized under UNESCO’s Man and Biosphere Programme.
3. Human activities are completely prohibited in all zones.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

42. The term “biomagnification” refers to:

- (a) Rapid growth of forests
- (b) Increase in biodiversity over time
- (c) Progressive accumulation of toxic substances along the food chain
- (d) Migration of species to higher altitudes

43. Consider the following statements:

1. Wetlands act as natural flood buffers.
2. Coral bleaching is associated with rising sea temperatures.
3. Biodiversity enhances ecosystem resilience.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

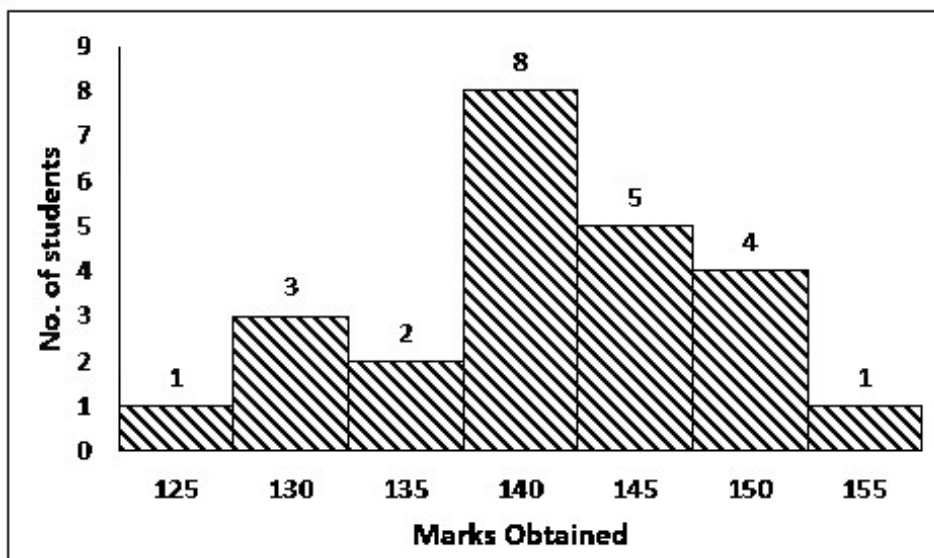

44. Which part of the human brain is primarily responsible for maintaining balance and coordination?

- (a) Cerebrum
- (b) Medulla oblongata
- (c) Cerebellum
- (d) Hypothalamus

45. Which of the following phenomena explains the blue colour of the sky?
- (a) Reflection (b) Refraction
(c) Dispersion (d) Scattering of light
46. Consider the following statements:
1. Human beings normally have 48 chromosomes.
 2. RNA is involved in protein synthesis.
 3. DNA carries hereditary information.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3
47. In Mizo mythology, the tall tree standing at the centre of the Earth was called:
- (a) Thingvandek (b) Thingvando
(c) Thingvantawng (d) Thingvanchen
48. Which Mizo dance was also known as Thingdim lam?
- (a) Tlang lam (b) Chawnglaizawn
(c) Cheraw (d) Khuallam
49. Which British administrator was nicknamed “Ram sem sap” owing to his practice of fixing the boundaries of the Mizo chiefs’ jurisdiction?
- (a) Henry Walter George Cole (b) John Shakespear
(c) Col. Granville Henry Loch (d) N.E. Parry
50. Who was the 2nd Governor of Mizoram after it achieved Statehood?
- (a) HS Dubey (b) Hiteswar Saikia
(c) KV Krishna Rao (d) Williamson A. Sangma
51. How many integers are there between – 12 and 9?
- (a) 19 (b) 20
(c) 21 (d) 22
52. The HCF and LCM of two numbers are 12 and 180 respectively. If one of the numbers is 36, then the other number is:
- (a) 45 (b) 60
(c) 72 (d) 90
53. Find the 16th term from the end in the following sequence:
- 7, 11, 15, ..., 215
- (a) 151 (b) 155
(c) 161 (d) 145
54. If the mean of $x, x+2, x+4, x+6, x+8$ is 11, then the value of ‘x’ is:
- (a) 4 (b) 5
(c) 6 (d) 7
55. If α and β are roots of $x^2 - 3x + 2 = 0$, then $\alpha^2 + \beta^2 =$
- (a) 5 (b) 9
(c) 13 (d) 4
56. A student needs to secure 40% to pass. If he gets 72 marks and fails by 8 marks, what are the total marks?
- (a) 150 (b) 180
(c) 200 (d) 160

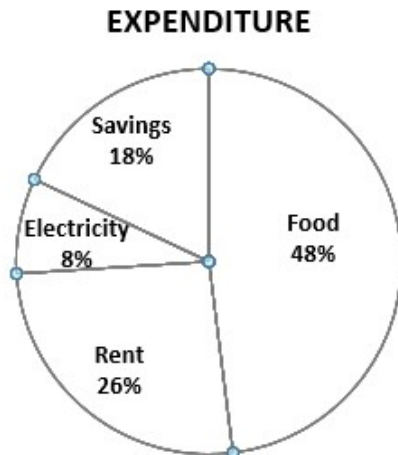

57. Among the 10 students of a coaching class, the average weight of 6 students is 56kg. If the average weight of the remaining students is 59kg, then what is the average weight of all students?
- (a) 54kg (b) 55kg
(c) 56kg (d) 57kg
58. The single discount equivalent to two successive discounts of 20% and 10% is:
- (a) 24% (b) 25%
(c) 27% (d) 28%
59. The ratio of the cost price and selling price of a ceiling fan is 5:7. The gain percent is:
- (a) 30% (b) 40%
(c) 45% (d) 50%
60. By selling a coat for ₹630, a shopkeeper gains 5%. The cost price of the coat is:
- (a) ₹600 (b) ₹630
(c) ₹650 (d) ₹700
61. If $P:Q = 2:3$ and $Q:R = 5:7$, then $P:Q:R = ?$
- (a) 10:15:21 (b) 2:3:7
(c) 10:3:7 (d) 2:15:21
62. Divide ₹4,800 into three parts such that the second part is $\frac{3}{4}$ of the first part and the third part is $\frac{5}{3}$ of the second part. The amount of the first part is:
- (a) ₹1,200 (b) ₹1,600
(c) ₹1,800 (d) ₹2,000
63. A alone can complete the work in 18 days while B alone in 15 days. B alone worked at it for 10 days and then left the work. In how many more days will A alone complete the remaining work?
- (a) 5 days (b) 6 days
(c) 7 days (d) 8 days
64. The simple interest on a sum for 5 years is one-fourth of the sum. The rate of interest per annum is:
- (a) 8% (b) 6%
(c) 5% (d) 4%
65. What would be the compound interest on ₹25,000 for 2 years at 5% per annum?
- (a) ₹2,500 (b) ₹2,562
(c) ₹2,562.50 (d) ₹2,425.25
66. A square park of side 20 m has a path 2 m wide running around it on the inside. The area of the path is:
- (a) 144 sq.m (b) 160 sq.m
(c) 176 sq.m (d) 184 sq.m
67. If the volume of a sphere is $36\pi \text{ cm}^3$, then its radius is:
- (a) 2 cm (b) 3 cm
(c) 4 cm (d) 6 cm
68. How many distinct permutations can be made from the letters of the word 'COMMITTEE'?
- (a) 22680 (b) 45360
(c) 90720 (d) 181440
69. From 7 men and 4 women, a committee of 6 is to be formed with at least 4 men. In how many ways can this be done?
- (a) 371 (b) 364
(c) 385 (d) 301

70. Pipe A can fill a tank in 10 minutes while pipe B can empty it in 15 minutes. If both the pipes are opened in that empty tank, the time taken to fill the tank is:
- (a) 20 min (b) 25 min
(c) 30 min (d) 35 min
71. Observe the Histogram given below and answer the question that follows:

- How many students scored more than the average marks of the class?
- (a) 11 (b) 8
(c) 6 (d) 10
72. If $\sqrt{3^n} = 81$, then the value of n is:
- (a) 4 (b) 6
(c) 8 (d) 10
73. The value of $9^{\left(\frac{-3}{2}\right)}$ is:
- (a) $\frac{1}{3}$ (b) $\frac{1}{9}$
(c) $\frac{1}{27}$ (d) $\frac{1}{71}$
74. An 800ml mixture contains water and milk in the ratio 8:2. How much more water and milk should be added in the same mixture to get them in the ratio 9:3?
- (a) 90ml and 80ml, respectively. (b) 80ml and 90ml, respectively.
(c) 90ml each. (d) 80ml each.
75. A 300m long train is running at the speed of 60 km/hr. If it crosses a tunnel in 2 minutes, what is the length of the tunnel?
- (a) 1500 m. (b) 1700 m.
(c) 1800 m. (d) 2100 m.
76. How many $\frac{1}{6}$ are there in $25\frac{1}{3}$?
- (a) 123 (b) 125
(c) 132 (d) 152

Direction (Question Nos. 77 & 78): The following pie chart shows the expenditure of a family on different items out of a total income of ₹ 24,000/- from all sources. Answer the questions based on the data given in the pie chart:

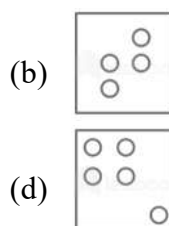

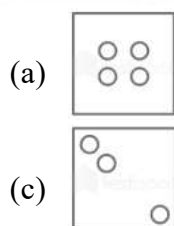

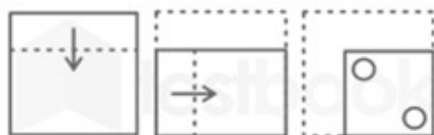

77. The central angle subtended by the savings portion on the pie chart is approximately equal to:
(a) 30° (b) 65°
(c) 90° (d) 180°
78. What is the ratio of the expenditure on electricity to that on rent?
(a) 1:6 (b) 9:13
(c) 4:13 (d) 4:9
79. There are 12 boys in a class of 20 students. A student is chosen from the class at random to be the class representative. What is the probability that the class representative is a girl?
(a) 40% (b) 30%
(c) 50% (d) 25%
80. A clock is set right at 6 AM. If the clock gains 12 minutes in 24 hours, what will be the right time when the clock indicates 12 Noon on the following day?
(a) 12:12 PM (b) 12:18 PM
(c) 11:48 AM (d) 11:42 AM
81. Select the option that is related to the third term in the same way as the second term is related to the first term: String : Sitar :: Percussion : ?
(a) Violin (b) Piano
(c) Tabla (d) Trumpet
82. Choose the word which has the same relationship among the three given words:
Cricket, Hockey, Football
(a) Tennis (b) Kabaddi
(c) Chess (d) Swimming
83. Arrange the following words related to flood management in a meaningful sequence and logical order.
(i) Relief, (ii) Warning, (iii) Flood, (iv) Rescue, (v) Rehabilitation
(a) ii, iii, iv, i, v (b) iii, ii, i, iv, v
(c) ii, iii, i, iv, v (d) iii, iv, ii, i, v
84. Find the next term: 2, 6, 24, 120, ?
(a) 480 (b) 600
(c) 720 (d) 840

85. If 'he will say' is coded as '1 3 9' and 'say to him' is coded as '3 5 2' and 'he may do' is coded as '8 7 9', then what will be the code of 'will'?
- (a) 3 (b) 1
(c) 9 (d) 8
86. How many meaningful English words can be made from 'RTEA' using each letter once?
- (a) One (b) Two
(c) Three (d) Four
87. If 'P' means ' $\times$ ', 'Q' means ' $\div$ ', 'R' means '+', 'S' means ' $-$ ', then
18 Q 3 P 4 R 5 S 6 = ?
- (a) 23 (b) 24
(c) 25 (d) 26
88. In a row of boys, Liana is 12th from the left and 15th from the right. How many boys are there in the row?
- (a) 25 (b) 26
(c) 27 (d) 28
89. Find the missing character:

9	16	25
3	4	5
12	20	?

- (a) 30 (b) 35
(c) 40 (d) 28
90. How many triangles are there in the given figure?
- 
- (a) 8 (b) 7
(c) 9 (d) 10
91. A piece of paper is folded and cut as shown below in the question figures. How would this paper look when unfolded?

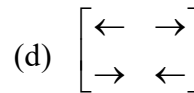

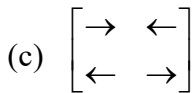

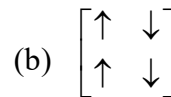

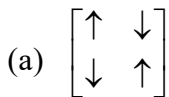

92. If today is a Monday, after 75 days it will be:

- (a) Friday (b) Saturday
(c) Sunday (d) Monday

93. One sunny morning, Mawii walks towards the east and saw her friend Liana coming from a certain direction. Mawii recognizes that Liana's shadow is directly on his left side. From which direction is Liana approaching from?

- (a) North (b) South
(c) East (d) South-East

94. Choose the odd one out from the given figures:

95. In the following figure, what should replace the question mark?

A	B	C	D	E	F	G	H	I	J	K	L
1	2	3	1	4	9	1	16	81	1	?	6561

- (a) 169 (b) 196
(c) 256 (d) 289

96. **Statements:** All fruits are flowers.

All seeds are fruits.

Conclusions: I. All flowers are fruits.

II. All seeds are flowers.

Select the best option from the following:

- (a) If both Conclusions I and II follow. (b) If neither Conclusions I nor II follows.
(c) If only Conclusions I follows. (d) If only Conclusions II follows.

97. Six friends are sitting in a row. Puia sits exactly in between Sanga and Vula. Nunga sits exactly in between Lawma and Thanga. Five friends sit to the left of Sanga. Thanga is not sitting immediately next to Vula. Who sits second to the left of Vula?

- (a) Nunga (b) Lawma
(c) Sanga (d) Thanga

98. In a certain code language, LOVE is written as MUWI and GOOD is written as HUUE. How will KIND be written in the same language?

- (a) MUME (b) MOME
(c) LOOE (d) LOME

99. If the letters of the word REASONING are arranged in alphabetical order, how many letters will remain in the same position?

- (a) 0 (b) 1
