Direction (Question Nos. 18 & 19): Answer the following questions based on the given passage:

Child development programs achieve success only when the community is actively involved. If people lack awareness, important services such as nutrition, immunization, and early childhood education are not fully used. Proper communication, counselling, and the support of local leaders are essential to encourage families to take part in ICDS activities.

18. According to the passage, child development programs succeed mainly due to:

(a) More funds
(b) Community participation
(c) Government officers
(d) Infrastructure

19. What happens if there is no awareness?

(a) Programs stop
(b) Services are underutilized
(c) Services fail permanently
(d) Children don't go to school

Direction (Question Nos. 20 & 21): Answer the following questions based on the given passage:

Child protection means keeping children safe from abuse, neglect, and exploitation. In India, the Integrated Child Protection Scheme (ICPS) supports children in difficult situations through prevention and rehabilitation. Many cases remain hidden due to fear, stigma, or lack of awareness, so community participation is vital. Families, trained workers, schools, and village council must work together with the government to ensure every child grows up in a safe environment.

20. What does child protection mainly focus on?

(a) Providing food to children
(b) Protecting children from abuse and neglect
(c) Teaching children in schools
(d) Building playgrounds

21. Why do many cases of child abuse remain unreported?

(a) Lack of government officers
(b) Fear, stigma, and lack of knowledge
(c) Too many children in villages
(d) Because parents do not care

22. Child resilience refers to:

(a) Avoid all stressful situations
(b) Recover and adapt positively facing adversity
(c) Level of obedience to parents and teachers

23. Coping strategies in children are:

(a) Ways children use to manage stress and solve problems
(b) Techniques to avoid responsibility
(c) Methods to control other people's behaviour
(d) A sign of emotional weakness

24. Early prevention of behavioural problems in children mainly focuses on:

(a) Identifying and addressing problems before they become serious
(b) Waiting until the child grows older to act
(c) Blaming parents for the child's behaviour
(d) Removing the child from all social situations

25. Which of the following is the most effective way to prevent behavioural problems in children?

(a) Using strict punishment for every mistakes

(b) Providing consistent discipline and positive reinforcement

(c) Ignoring minor misbehaviour

(d) Comparing the child with others

26. The sum of first five prime numbers is

(a) 18 (b) 26

(c) 28 (d) 39

27. Four circles having equal radii are drawn with centres at the four corners of a square. Each circle touches the other two adjacent circles. If the remaining area of the square is $168cm^2$, what is the size of the radius of the circle (in cm).

(a) 14 (b) 22

(c) 18 (d) 44

28. How many seconds will a 500m long train travelling from Sairang to Guwahati take to cross a man walking with a speed of 3km/hr in the direction of the moving train if the speed of train is 63km/hr?

(a) 15 sec (b) 30 sec

(c) 45 sec (d) 10 sec

29. Find out the odd number in the following set: 8, 27, 64, 100, 125, 216.

(a) 8 (b) 64

(c) 100 (d) 216

30. There are 60 people in a room. Each of them drinks either tea or coffee. If 75% drink tea and 45% drink coffee, how many drink tea only?

(a) 33 (b) 20

(c) 15 (d) 12

31. Find the third proportional between 9 and 27.

(a) 81 (b) 54

(c) 36 (d) 27

32. Eggs are bought at 5 for Rs 10 and sold at 6 for Rs 15. The gain percent is

(a) 35% (b) 70%

(c) 25% (d) 50%

33. What is 45 minutes expressed as a decimal of an hour?

(a) 0.5 (b) 0.75

(c) 0.45 (d) 0.85

34. The statistical study of elections and voting is called

(a) Psephology (b) Sociology

(c) Epidemiology (d) Ethnography

35. Find the odd one out.

(a) Crater (b) Epicentre

(c) Seismology (d) Focus

36. How many such pairs of letters are there in the word 'KINDNESS' each of which have as many letters between them in word as in the English alphabet?

(a) One (b) Two

(c) Three (d) None

37. Choose the correctly punctuated sentence:

(a) She said, "I am tired." (b) She said "I am tired."

(c) She said, "I am tired". (d) She said "I am tired".

38. Going 40 m to the south of my house, I turned left and go another 10 m. Then turning to the North, I go 20 m and then starts walking to my house. In which direction am I walking now?

(a) North-east (b) North-west

(c) South-east (d) South-west

39. If 1st half of the English alphabet is written in backward order, then what will be the 7th letter to the left of the 10th letter from your right?

(a) B (b) C

(c) D (d) A

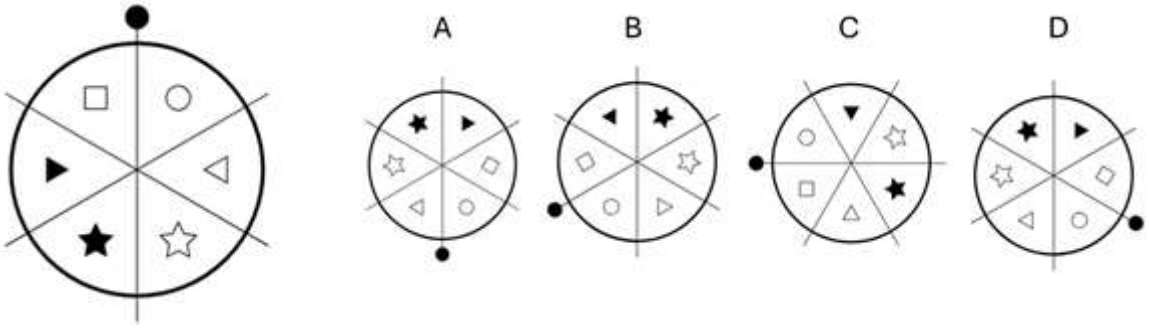

Directions (Question No. 40): Select the pair of words/numbers that has the same analogous relationship as the original pair of words/numbers

40. River : Ocean

(a) Child : School (b) Book : Library

(c) Lane : Road (d) Cloth : Body

41. Which figure is a rotation of the object?

(a) A (b) B

(c) C (d) D

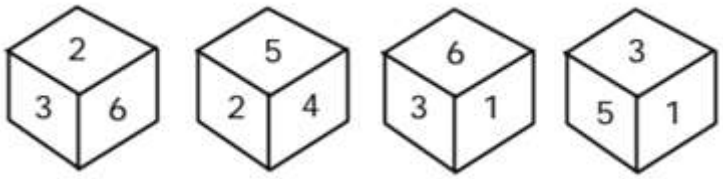

42. Select three out of the five alternative figures which when fitted into each other would form a complete square.

(a) 1, 2, 3 (b) 2, 3, 4

(c) 3, 4, 1 (d) 2, 1, 5

43. Four different positions of dice are as shown below. What number is opposite to face 5?

(a) 6 (b) 4

(c) 2 (d) 3

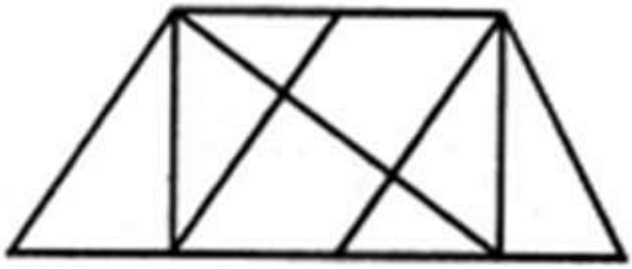

44. Find the missing character.

F	W	O
?	J	K
E	M	D

(a) H (b) A

(c) P (d) X

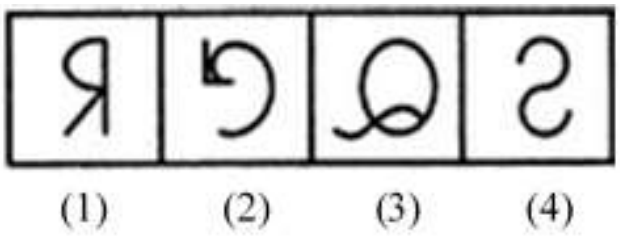

45. Find the number of triangles in the given figure.

(a) 8 (b) 10

(c) 12 (d) 14

46. Find the odd one out.

(a) 1 (b) 2

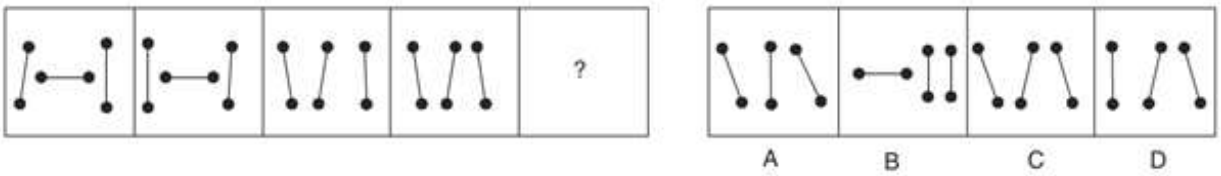

(c) 3 (d) 4

47. In a code, CAT = DBU, then DOG = ?

(a) EPH (b) EOF

(c) EOH (d) EPG

48. Find out from the answer figures the right figure to be placed in the gap containing the '?' mark.

(a) A (b) B

(c) C (d) D

49. Four standard dice are thrown on the ground. The total of numbers on the top faces of these four dice is 15 as the top faces showed 4, 3, 2 and 6 respectively. What is the total of the faces touching the ground?

(a) 14 (b) 11

(c) 13 (d) None

50. In the following alphabet series, which letter is eighth to the left of sixteenth letter from the right end?

A B C D E F G H I J K L M
N O P Q R S T U V W X Y Z

(a) B (b) S

(c) C (d) H
