

QUESTION BOOKLET

PAPER - II

Question Booklet
Series

C

Time Allowed : 2 hours

Maximum Marks : 200

INSTRUCTIONS

1. Immediately after the commencement of the examination, you should check that this question booklet does not have any unprinted or torn or missing pages or items, etc. If so, get it replaced by a complete question booklet of the same series.
 2. Write and encode clearly the question booklet series A, B, C or D as the case may be in the appropriate place in the OMR Answer Sheet.
 3. **Particulars/Details to be filled up in the OMR Answer Sheet should be filled up completely and correctly, OMR Answer Sheet of candidates failing to do so will NOT be evaluated.**
 4. This Question Booklet contains 100 items (questions) carrying 2 marks each. Each item comprises of four responses (answers). Mark the response you want on the OMR Answer Sheet. In case you feel that there is more than one correct response, mark only the response which you consider the best. In any case, choose only one response for each item.
 5. You have to mark all your responses only on the separate OMR Response Sheet provided. See directions in the OMR Answer Sheet.
 6. After the examination has concluded, you should hand over the OMR Answer Sheet to the Invigilator only. You are permitted to take away with you the Question Booklet.
 7. Separate sheets for rough work will be provided in the Examination Hall.
 8. **Penalty for wrong answers :**
There will be penalty for wrong answers marked by a candidate.
 - (i) There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
 - (ii) If a candidate gives more than one answer, it will be treated as a wrong answer even if one of the given answers happens to be correct and there will be same penalty as above to that question.
 - (iii) If a question is left blank, i.e., no answer is given by the candidate, there will be no penalty for that question.
-

1. An area is affected by severe flooding. You, as a District Magistrate, have limited resources. Which of the following should be your immediate priority?
 - (a) Repairing roads
 - (b) Distributing food and water
 - (c) Rebuilding houses
 - (d) Organizing entertainment to lift people's spirits
2. You have a limited budget for a healthcare initiative. What is the crucial factor to consider when deciding which health programs to fund?
 - (a) Popularity of the program
 - (b) Political backing
 - (c) Program's potential impact on public health
 - (d) The novelty of the program
3. An informal gathering occurs when a group of people get together in a casual, relaxed manner. Which situation below is the best example of an informal gathering?
 - (a) Debating Club meets on the first Sunday morning of every month.
 - (b) After finding out about his salary raise, Jay and a few colleagues go out for a quick dinner after work.
 - (c) Meena sends out 10 invitations for a bachelorette party she is giving for her elder sister.
 - (d) Whenever she eats at a Chinese restaurant, Roop seems to run into Dibya.
4. You find that a person whom you call your friend has been cheating you. What would you do?
 - (a) Break relations with him/her
 - (b) Give him/her tit for tat.
 - (c) Make him / her realise his/her mistake
 - (d) Tell other friends about him / her.
5. You have differences of opinion regarding the final report prepared by your subordinate that is to be submitted urgently. The subordinate is justifying the information given in the report. You would:
 - (a) convince the subordinate that he is wrong.
 - (b) tell him to reconsider the results.
 - (c) revise the report on your own.
 - (d) tell him not to justify the mistake.
6. You are handling a time-bound project. During the project review meeting, you find that the project is likely to get delayed due to lack of cooperation of the team members. You would:
 - (a) warn the team members for their non-cooperation.
 - (b) look into reasons for non-cooperation.
 - (c) ask for the replacement of team members.
 - (d) ask for extension of time citing reasons.
7. A local thug (bad element) has started illegal construction on your vacant plot. He has refused your request to vacate and threatened you of dire consequences in case you do not sell the property at a cheap price to him. You would:
 - (a) sell the property at a cheap price to him.
 - (b) go to the police for necessary action.
 - (c) ask for help from your neighbours.
 - (d) negotiate with the goon to get a higher price.
8. The sector where you are working for is to be included for a major restructure. Some posts will vanish; some roles will change and there will be some new opportunities created. The announcement has created some concern within the office, especially as it has been performing well up to this point. Your Head has arranged for a one-on-one meeting with everyone to discuss the restructure. You need to decide how best to prepare for the meeting. Which of the given statements must definitely be followed with reference to the information?
 - (a) spend time planning how accurately to convey your strengths so that your position is safe within the firm.
 - (b) plan to ask questions about what new opportunities are available and how you can position yourself to take advantage of it.
 - (c) aim to get as much information from your Head about the restructure: timescale and impact.
 - (d) prepare a convincing case concerning why the company should not be included in the restructuring.

9. You have been made responsible to hire boats at a short notice to be used for an area under flood. On seeing the price mentioned by the boat owners, you found that the lowest price was approximately three times more than the approved rate of the Government. You would:
- (a) reject the proposal and immediately escalate the matter to higher authorities, requesting urgent intervention and official instructions.
 - (b) accept the lowest price as it is urgent.
 - (c) make temporary verbal commitments with boat owners, hoping to resolve the pricing issue later.
 - (d) threaten the boat owners about a possible cancellation of the license.
10. Which of the following is the first step in any systematic problem-solving approach?
- (a) Implementing the solution
 - (b) Identifying the problem
 - (c) Generating alternatives
 - (d) Evaluating outcomes
11. You are tasked with distributing a limited amount of funds across five proposed development projects, each addressing important but varying community needs. Considering the budget constraints and the potential impact of each project, what would be the most logical and effective approach to allocate the resources?
- (a) Distribute equally.
 - (b) Prioritize based on need and impact.
 - (c) Follow political recommendations.
 - (d) Choose based on the popular opinion of the people.
12. You're asked to recommend one of two projects: one benefits a majority but harms the environment; the other is slower but sustainable. What would guide your decision?
- (a) Immediate results that benefit majority at the initial stage.
 - (b) Political gain.
 - (c) Long-term social and environmental impact.
 - (d) Ease of implementation.
13. You have been assigned to a rural region where deep-rooted traditional beliefs and practices are negatively impacting public health outcomes—such as resistance to medical treatment, unsafe childbirth practices, or reliance on unscientific remedies. As a responsible official, how would you effectively address the community's resistance to change, while respecting their cultural values and ensuring the implementation of health-promoting practices?
- (a) Enforce strict penalties.
 - (b) Initiate awareness campaigns involving local leaders.
 - (c) Ignore the practices.
 - (d) Impose modern practices directly.
14. In a given administrative scenario, you are confronted with a dilemma where rigid adherence to statutory rules may lead to significant humanitarian hardship. Which of the following principles should primarily guide your course of action as a civil servant?
- (a) A balanced approach incorporating public interest, legal permissibility, and the principle of proportionality.
 - (b) Literal interpretation of statutory provisions irrespective of context.
 - (c) Prevailing public sentiment as reflected in media narratives.
 - (d) Directives issued by political executives, even if not codified in administrative norms.

15. You are an officer in charge of road safety in an urban area. A well-known political leader's vehicle is repeatedly violating traffic rules, including signal jumping and driving on the wrong side. Your subordinate asks whether to issue a challan or ignore it due to political pressure. What should you do?
- (a) Ignore the violation to maintain cordial political relations.
 - (b) Issue the challan according to the law, documenting all evidence carefully.
 - (c) Give a verbal warning instead of official action.
 - (d) Refer the matter to your senior officer before taking action.
16. While managing a relief camp during a flood, you discover that one of your junior officers is diverting resources to his relatives. You have no concrete documentation yet but several verbal complaints. What is the best approach?
- (a) Immediately confront the officer on the spot and demand an explanation.
 - (b) Ignore the matter until written proof is obtained.
 - (c) Discreetly monitor the officer's activity, document irregularities, and initiate a confidential inquiry.
 - (d) Alert the media to expose the officer's misconduct.
17. A politician strongly recommends a candidate for appointment in a temporary government post under your supervision. The candidate is underqualified and others in the list are better suited. What should you do?
- (a) Evaluate all candidates on merit and document the process transparently.
 - (b) Appoint the recommended candidate to avoid political conflict.
 - (c) Request the politician to send a better candidate.
 - (d) Cancel the recruitment altogether.
18. CIRCLE is related to RICELC in the same way as SQUARE is related to:
- (a) QSUERA
 - (b) QUSERA
 - (c) UQSAER
 - (d) UQSERA
19. In code language, ASTARK is written as LBFMG and MOBILE is written as TNRSPJ. How is BLAME written in that code?
- (a) TSFRJ
 - (b) RPFTJ
 - (c) NJFTP
 - (d) TSFGJ
20. Choose the odd one out:
- (a) HJN
 - (b) JLP
 - (c) PRU
 - (d) QSW

Direction (Question No. 21): Read the following information carefully and answer the question given below:

Ravi and Kunal are good in hockey and volleyball. Sachin and Ravi are good in hockey and baseball. Gaurav and Kunal are good in cricket and volleyball. Sachin, Gaurav and Michael are good in football and baseball.

21. Who is good in Hockey, Cricket and Volleyball?
- (a) Sachin
 - (b) Kunal
 - (c) Ravi
 - (d) Gaurav
22. Rohan ranks seventh from the top and twenty sixth from the bottom in a class. How many students are there in the class?
- (a) 31
 - (b) 32
 - (c) 33
 - (d) 34

23. A farmer built a fence around his square plot. He used 27 fence on each ride of the square. How many poles did he need all together?
- (a) 100 (b) 104
(c) 108 (d) None of these
24. Which in the following is the same as wrestling, karate, boxing?
- (a) Swimming (b) Polo
(c) Pole vault (d) Judo
25. Consider the following figures :

In the figures (I) to (VI) above, some parts are shown to change their positions in regular directions. Following the same sequence, which of the figures given below will appear at (VII) stage?

26. A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

Which letter in the Alphabet is the Eighth letter to the right of the letter which is Tenth letter to the left of the last but one letter of the alphabet?

- (a) M (b) W
(c) P (d) I

27. Out of 60 people in a colony, 10 speak only Mizo, 5 speak only Assamese, 10 speak both Hindi and Odia, 12 speak both Khasi and Hindi, 13 speak English, Tamil and Khasi, 5 speak both Assamese and Hindi and the remaining speak both Mizo and Hindi.

The ratio of people who speak Mizo to those who speak Khasi is:

- (a) $1/5$ (b) $5/10$
(c) $3/5$ (d) $3/4$
28. Arrange the following words in a meaningful sequence:
(1) Presentation, (2) Recommendation, (3) Arrival, (4) Discussion, (5) Introduction
(a) 5, 1, 3, 4, 2 (b) 3, 5, 1, 4, 2
(c) 5, 1, 2, 4, 3 (d) 1, 4, 3, 5, 2
29. The following question consists of two words each that have a certain relationship to each other, followed by four lettered pairs of words. Select the lettered pair that has the same relationship as the original pair of words i.e. *Optimistic : Pessimistic*:
(a) Difficult : Impossible (b) Tolerating : Accommodating
(c) Export : Import (d) Strong : Hard
30. Which of the following is same as Ode, Ballad, Lyric?
(a) Prose (b) Song
(c) Poetry (d) Sonnet
31. Choose a word from the given alternatives that belongs to the same group. Botany : Zoology : Cardiology:
(a) Seismology (b) Pathology
(c) Morphology (d) Taxonomy
32. If eraser is called box, box is called pencil, pencil is called sharpener and sharpener is called bag, what will a child write with?
(a) Box (b) Sharpener
(c) Eraser (d) Pencil
33. In this question, four words have been given, out of which three are alike in some manner and the fourth one is different. Choose out the odd one.
(a) Stool (b) Bench
(c) Table (d) Chair
34. Lala and Dova can do a piece of work in 45 days and 40 days respectively. They began the work together, but Lala leaves after 9 days. In how many days will Dova finish the remaining work?
(a) 23 days (b) 21 days
(c) 18 days (d) 16 days
35. The difference between the cost price and the selling price of an article is Rs 240. If the profit is 20%, then the selling price is:
(a) Rs 1200 (b) Rs 1440
(c) Rs 1580 (d) Rs 1620
36. Five years ago, A was thrice as old as B and ten years later, A shall be twice as old as B. The present age of B is:
(a) 20 years (b) 22 years
(c) 24 years (d) 18 years

37. A ladder 15 m long reaches a window which is 9 m above the ground on one side of a street. Keeping its foot at the same point, the ladder is turned to the other side of the street to reach a window 12 m high. The width of the street is:
- (a) 18 m (b) 19 m
(c) 21m (d) 22 m
38. A steel wire, when bent in the form of a square, encloses an area of 121 cm^2 . If the same wire is bent in the form of a circle, then radius of the circle is:
- (a) 21 cm (b) 14 cm
(c) 11 cm (d) 7 cm
39. In a violent storm, a tree got bent by the wind. The top of the tree meets the ground at an angle of 30° , at a distance of 24 m from the root. At what height from the bottom did the tree get bent? ($\sqrt{3} = 1.73$)
- (a) 12.73 m (b) 13.84 m
(c) 15.34 m (d) 17.3 m
40. The diameter of a metallic sphere is 42 cm. It is melted and drawn into a cylindrical wire of diameter 2.8 cm. The length of the wire in metre is:
- (a) 54 m (b) 58 m
(c) 60 m (d) 63 m
41. If $5^{2x+1} \div 25 = 125$, find the value of x :
- (a) 6 (b) 2
(c) 10 (d) 4
42. Rama obtained 12 marks more than that of Thana. If the ratio of their marks is 3 : 4, find the sum of their marks:
- (a) 96 (b) 72
(c) 84 (d) 108
43. A shopkeeper purchased 300 bulbs for Rs. 10 each. However, 20 bulbs were fused and had to be thrown away. The remaining were sold at Rs. 12 each. Find the gain or loss percent.
- (a) 10 % gain (b) 10 % loss
(c) 12 % loss (d) 12 % gain
44. If 15 workers can finish a work in 48 hrs. How many workers will be required to do the same work in 30 hrs?
- (a) 24 (b) 56
(c) 34 (d) 96
45. Evaluate : $\sqrt[3]{\sqrt{4096}}$
- (a) 4 (b) 2
(c) 6 (d) 3
46. If 40% of the students in a school are boys and the number of girls in the school is 540. How many boys are there in the school?
- (a) 360 (b) 390
(c) 420 (d) 460
47. A bag contains 12 white balls and some green balls. If the probability of drawing a white ball from the bag is thrice that of the green ball. Find the number of green balls:
- (a) 10 (b) 8
(c) 6 (d) 4

48. The given pie chart shows the monthly expenses of a family on four items. If Rs. 1600 was spend on Rent. Find the amount of expenditures on Education:

- (a) Rs. 3600 (b) Rs. 4800
(c) Rs. 5400 (d) Rs. 6000

Direction (Question Nos. 49 & 50) Study the graph carefully and answer the following questions:
Number of Boys and Girls studying in five different colleges:

- 49.** What is the average number of boys from all the colleges together?
- (a) 4100 (b) 2000
(c) 1800 (d) 1750
- 50.** What is the respective ratio of the girls of college A to the boys of college C?
- (a) 5 : 7 (b) 5 : 9
(c) 5 : 8 (d) 5 : 6

Direction (Question Nos. 51 - 55): Read the given passage and answer the following questions:

Artificial Intelligence (AI) is rapidly transforming various aspects of modern life, from healthcare and finance to transportation and entertainment. It involves creating computer systems capable of performing tasks that typically require human intelligence, such as learning, problem-solving, and decision-making. While AI offers numerous benefits, it also raises ethical and societal concerns that need careful consideration.

AI's impact on daily life is becoming increasingly noticeable. In healthcare, AI is being used for early disease detection, personalized medicine, and robotic surgery. In finance, AI powers fraud detection, algorithmic trading, and personalized financial advice. The transportation sector is also being revolutionized by AI with the development of self-driving cars and intelligent traffic management systems. However, the rapid advancement of AI also raises concerns. One major worry is the potential for job displacement as AI-powered automation replaces human workers in various industries. There are also concerns about data privacy and security, as AI systems often require vast amounts of personal data to function effectively. Furthermore, ethical considerations surrounding bias in AI algorithms and the potential for misuse of AI technologies are crucial.

Despite these challenges, AI holds immense potential for positive change. By developing AI systems responsibly and ethically, we can leverage its power to solve complex problems, improve human well-being, and create a more efficient and sustainable future. It is essential to foster collaboration between researchers, policymakers, and the public to ensure that AI is developed and deployed in a way that benefits all of humanity.

51. What is the main aim of Artificial Intelligence?

- (a) To create machines that can perform all human tasks perfectly.
- (b) To develop computer systems that can mimic human intelligence and perform tasks that typically require human intelligence.
- (c) To replace all human workers with robots.
- (d) To create machines that are smarter than humans.

52. Which of the following is not included in an application of AI?

- (a) Facial recognition
- (b) Self-driving cars
- (c) Traditional programming of software
- (d) Virtual assistants

53. A machine learning can be:

- (a) A type of AI that focuses on mimicking human emotions.
- (b) A subset of AI that enables systems to learn from data without explicit programming.
- (c) A field of AI that focuses on creating robots that can walk and talk.
- (d) A type of AI that focuses on creating human-like consciousness.

54. What is a potential ethical concern related to AI?

- (a) Increased efficiency in various industries.
- (b) Reduced costs for businesses.
- (c) Bias in algorithms leading to unfair outcomes.
- (d) Faster processing speeds for computers.

55. What is one of the main benefits of AI in healthcare?

- (a) Reduced accuracy in medical diagnoses.
- (b) Slower processing of medical data.
- (c) Early disease detection and personalized medicine.
- (d) Increased cost of healthcare.

Direction (Questions Nos. 56 - 59): Read the given passage and answer the following questions:

Solitude, the state of being alone, can be a powerful tool for self-discovery, creativity, and mental well-being when embraced mindfully. However, prolonged or unwanted solitude can lead to loneliness and isolation. This essay explores the nuances of solitude, examining its potential benefits and drawbacks, and ultimately argues for the importance of balanced engagement with both solitude and social interaction.

Solitude offers a unique space for introspection and self-reflection. It allows individuals to escape the pressures and distractions of daily life, fostering a deeper understanding of their thoughts, emotions, and values. This can be a fertile ground for creativity, as artists, writers, and thinkers have long recognized the power of solitude in sparking inspiration and innovative ideas. Many famous artists and writers have spoken about the importance of solitude in their creative process. For example, according to a blog post on WordPress.com, Pablo Picasso once stated, "Without great solitude no serious work is possible." Furthermore, solitude can be a source of rejuvenation, allowing individuals to recharge their mental and emotional batteries after periods of intense social interaction or demanding work. The key to experiencing the benefits of solitude lies in finding a healthy balance between time alone and social interaction. It's about recognizing when solitude is a conscious choice and when it's a state of isolation that needs addressing. Engaging in activities that promote both solitude and social connection, such as spending time in nature, pursuing hobbies, or engaging in meaningful conversations with loved ones, can help individuals cultivate a sense of well-being and fulfillment.

- 56.** What can be a potential drawback of unchecked solitude?
- (a) Enhanced social skills.
 - (b) Increased feelings of isolation and loneliness.
 - (c) Greater self-awareness.
 - (d) Improved creativity.
- 57.** How can solitude be a source of rejuvenation?
- (a) Recharges mental and emotional batteries.
 - (b) Lightens intense social work.
 - (c) Lightens demanding work by peaceful thoughts.
 - (d) Intense social and demanding work are done peacefully.
- 58.** What is the role of solitude in creative work?
- (a) It is not necessary for creative work.
 - (b) It is a crucial element for inspiration and innovation.
 - (c) It can be a hindrance to creative output.
 - (d) It is only relevant for certain types of art.
- 59.** How can an individual cultivate a sense of well-being and fulfillment?
- (a) Engaging in meaningful conversations with loved ones.
 - (b) Engaging in activities that promote both solitude and social connection.
 - (c) Spending time in nature, pursuing hobbies.
 - (d) Finding a healthy balance between time alone and social interaction.

Direction (Questions Nos. 60 - 64): Read the following passage carefully and answer the questions that follow:

Social media has revolutionized how we communicate, access information, and interact with the world. Its dual nature as both a unifying and divisive force makes it one of the most consequential developments of the digital age. One of social media's most profound impacts has been on communication and relationships. These platforms enable instant global connectivity, allowing people to maintain relationships across distances and share life events in real-time. The influence of social media on mental health has become a major area of concern, particularly among younger users. Studies have linked excessive social media use to increased rates of depression, anxiety, and loneliness. The curated nature of content often promotes unrealistic comparisons, with users measuring their lives against idealized versions of others'. Cyberbullying and online harassment have also surged, with harmful effects on victims' psychological well-being. At the same time, social media provides mental health support through awareness campaigns, peer networks, and access to professional resources.

In the realm of business and marketing, social media has levelled the playing field, allowing small businesses to compete with large corporations through targeted advertising and direct customer engagement. Influencer marketing has emerged as a dominant strategy, with brands leveraging popular content creators to reach specific demographics. Social commerce—the integration of shopping features into platforms—has transformed consumer behavior, making impulse purchases easier than ever. However, this commercial landscape raises ethical questions about data privacy, consumer manipulation, and the psychological effects of constant advertising exposure. The collection and use of personal data for targeted ads have sparked global debates about digital rights and corporate responsibility.

Politically, social media has reshaped democracy and public discourse. It has empowered grassroots movements like #MeToo and Black Lives Matter by amplifying marginalized voices and facilitating rapid information sharing. Political campaigns now rely heavily on social media for voter outreach and fundraising. However, the platforms have also been weaponized to spread misinformation, manipulate elections, and radicalize individuals. Echo chambers—where users only encounter opinions that reinforce their own—have contributed to societal polarization. The spread of “fake news” and conspiracy theories has undermined trust in institutions and complicated efforts to address critical issues like public health and climate change.

Culturally, social media has accelerated trends and reshaped entertainment. Viral challenges, memes, and short-form videos dominate youth culture, while platforms like YouTube have launched entirely new categories of celebrity. Traditional media outlets now compete with independent content creators for audience attention. This democratization of content creation has given rise to diverse voices but has also led to concerns about decreasing attention spans and the trivialization of complex issues. The pressure to create engaging content has sometimes prioritized sensationalism over substance, affecting the quality of public discourse. Looking ahead, the evolution of social media will likely be shaped by technological advances like augmented reality and artificial intelligence, as well as by regulatory responses to its societal impacts. The challenge lies in balancing freedom of expression with social responsibility in an increasingly interconnected digital world.

60. What is described as social media's “dual nature” in the text?

- (a) Being both free and expensive to use.
- (b) Offering both connection opportunities and mental health challenges
- (c) Being both audio and visual.
- (d) Having both written and unwritten format.

61. How has social media affected business marketing?
- (a) Made it impossible for small businesses to compete.
 - (b) Eliminated lack of opportunities for women.
 - (c) Levelled the playing field between small and large businesses.
 - (d) Removed the need for physical money.
62. Which of these is not mentioned as a political impact of social media?
- (a) Amplifying grassroots movements.
 - (b) Enabling voter manipulation through misinformation.
 - (c) Completely replacing traditional news media.
 - (d) Creating ideological echo chambers.
63. What cultural concern about social media is specifically mentioned?
- (a) Making all entertainment too irrational.
 - (b) Decreasing attention spans through short-form content.
 - (c) Eliminating celebrity culture completely.
 - (d) Making all content for adults only.
64. _____ will influence social media's future development.
- (a) Government shutdown of all platforms.
 - (b) Technological advances and regulatory responses.
 - (c) Complete abandonment by younger users.
 - (d) Return to only text-based communication.

Direction (Question Nos. 65 - 67): Read the following passage carefully and answer the questions that follow:

Women empowerment refers to the process of granting women the autonomy, resources, and opportunities needed to achieve social, economic, and political equality. It is a fundamental requirement for sustainable development, as societies thrive when women have equal rights, education, and decision-making power. Despite significant progress in recent decades, gender disparities persist in many areas, including education, employment, healthcare, and political representation. Empowering women is not just a moral obligation but also an economic and social necessity for building inclusive and progressive communities. Education is one of the most powerful tools for women's empowerment. It equips women with knowledge, critical thinking skills, and confidence, enabling them to make informed decisions about their lives. Financial independence is crucial for women's empowerment, as it allows them to escape dependency and contribute meaningfully to society. Encouraging entrepreneurship, providing vocational training, and enforcing equal pay laws are essential steps toward economic empowerment. Women's representation in politics and leadership roles remains disproportionately low globally. When women hold positions of power, they advocate for policies that address gender-based violence, childcare, and education. Quotas, mentorship programs, and campaigns encouraging women to vote and run for office can help bridge this gap. Strong female leaders serve as role models, proving that women can shape policies and drive societal change.

Despite advancements, women still face systemic oppression, including gender-based violence, cultural restrictions, and legal inequalities. Changing deep-rooted societal norms requires education, policy reforms, and collective action. Men must also be engaged as allies in promoting gender equality. Grassroots movements, NGOs, and international organizations play a vital role in advocating for women's rights and holding governments accountable.

65. _____ is crucial for women's empowerment, as it allows them to escape dependency.
- (a) Interest in working
 - (b) Financial independence
 - (c) Leadership roles
 - (d) Excessive government support

66. Choose the synonym of the word “disproportionately”:
- (a) unreasonably
 - (b) vaguely
 - (c) loosely
 - (d) imprecisely
67. What is essential for achieving true gender equality?
- (a) Limiting women’s education.
 - (b) Engaging men as allies in empowerment efforts.
 - (c) Encouraging women to avoid leadership roles.
 - (d) Ignoring cultural norms virtual world.

Direction (Question Nos.68 - 70): Fill in the blanks with the appropriate word:

68. John’s horse is of an excellent _____.
- (a) Brood
 - (b) Steed
 - (c) Breed
 - (d) Stood
69. Smoking _____ health.
- (a) Effects
 - (b) Kills
 - (c) Rejects
 - (d) Affects
70. At first, there were some _____ with the software, but its okay now.
- (a) Pitfalls
 - (b) Impediments
 - (c) Ordeal
 - (d) Snags
71. An economist was quoted as saying that the Cost Index (CI) will go up next month because of a recent increase in the price of fruit and vegetables.
- Which of the following cannot be inferred from the statement?
- (a) The cost of fruits and vegetables has risen sharply.
 - (b) Consumers have decreased their consumption of fruits and vegetables.
 - (c) The cost of fruit and vegetable is a major item in the CI.
 - (d) Food cost changes are reflected quickly in the CI.
72. The major obstacle to effective interpersonal communication includes:
- (a) Defensiveness
 - (b) Accusations
 - (c) Alternatives
 - (d) Memory
73. Which of the followings are/is non-verbal communication examples?
- (i) Blushing
 - (ii) Crying
 - (iii) Kinesics
 - (iv) Laughter
- (a) (iii) only
 - (b) (i), (ii) and (iv) only
 - (c) (ii) and (iv) only
 - (d) (i), (ii), (iii) and (iv)
74. One characteristic of an abusive boss is:
- (a) Inability to take feedback
 - (b) Introvert
 - (c) Decisiveness
 - (d) Praising others
75. The accommodating approach of conflict management is:
- (a) Satisfies the other party’s concern while neglecting one’s own.
 - (b) Satisfies one’s own needs at the expense of the needs of other individual.
 - (c) Neglects the interest of both parties.

84. An important skill where a person is able to look back at previous behaviour/actions and learn from them is known as:
- (a) Empathy
 - (b) Mirroring
 - (c) Active Listening
 - (d) Reflective Skill
85. Three of the following words are similar in a certain way. Pick the odd one out:
- (a) Hexagon
 - (b) Hendecagon
 - (c) Heptagon
 - (d) Pentagon
86. In a certain code 'POTASSIUM' is written as 'PoTassium'. How is 'GRAPHITE' written in that code?
- (a) GrAphItE
 - (b) GrApHiTe
 - (c) gRaPHiTe
 - (d) GRAPHiTE
87. In a certain code 'PROBLEM' is written as 'PORLBME'. How can 'IDENTIFY' be written in that code?
- (a) IFEDNITY
 - (b) IETDNYFI
 - (c) INFYEDIT
 - (d) IEDTNFIY

88. K is the son of A's mother's sister. Q is daughter of D, who is the father of G and grandfather of A. P is the Daughter of H who is grandmother of K. D is husband of H and G is husband of L. How is K related to A?
- (a) Mother (b) Sister
(c) Daughter (d) Cousin
89. Find the odd one out:
- (a) 35 (b) 63
(c) 54 (d) 42
90. In a row of 21 girls, Rini was shifted by four places towards the right, now she becomes 12th from the left end. What was her earlier position from the right end of the row?
- (a) 10th (b) 12th
(c) 14th (d) 8th

Direction (Question Nos. 91 - 94): In each question given below are two statements followed by two conclusions numbered I and II. You have to take the two given statements to be true even if they seem to be at variance from commonly known facts and decide which of the given conclusions logically follows from the given two statements, disregarding commonly known facts:

91. Statements

- I. All roads are black.
II. No black is a house.

Conclusions

- I. Some roads are houses.
II. Some houses are black.

- (a) If only conclusion I follows (b) If only conclusion II follows
(c) If either conclusion I or II follows (d) If neither I nor II follow

92. Statements

- I. All fish are tadpole.
II. No tadpole is a crocodile.

Conclusions

- I. All tadpole is a fish.
II. No fish is a crocodile.

- (a) If only conclusion I follows (b) If only conclusion II follows
(c) If either conclusion I or II follows (d) If neither I nor II follow

93. Statements

- I. No bat is ball.
II. No ball is brown.

Conclusions

- I. No bat is brown.
II. All browns are bats.

- (a) If only conclusion I follows (b) If only conclusion II follows
(c) If either conclusion I or II follows (d) If neither I nor II follow

94. Statements

- I. Some books are toys.
- II. No toy is blue.

Conclusions

- I. Some books are blue.
- II. Some toys are books.

- (a) If only conclusion I follows
- (b) If only conclusion II follows
- (c) If either conclusion I or II follows
- (d) If neither I nor II follow

Direction (Question Nos. 95 - 97): Choose the correct alternatives from the following options as given below for the Assertion (A) and Reason (R) given in each of the questions:

95. Assertion (A) Tides indicate the regular and periodic rise and fall in sea level.

Reason (R) Tides are caused by the gravitational force of the Moon and the Sun.

- (a) Both A and R are true and R is the correct explanation of A.
- (b) Both A and R are true but R is not the correct explanation of A.
- (c) A is true but R is false.
- (d) A is false but R is true.

96. Assertion (A) Most of the Himalayan rivers are perennial.

Reason (R) They are fed by melting snow.

- (a) Both A and R are true and R is the correct explanation of A.
- (b) Both A and R are true but R is not the correct explanation of A.
- (c) A is true but R is false.
- (d) A is false but R is true.

97. Assertion (A) Glaciers are melting at a faster speed.

Reason (R) There is a hole in the ozone layer due to burning of fluorocarbons.

- (a) Both A and R are true and R is the correct explanation of A.
- (b) Both A and R are true but R is not the correct explanation of A.
- (c) A is true but R is false.
- (d) A is false but R is true.

Direction (Question Nos. 98 - 100): There are two statements below marked as I & II. These statements may be either independent causes or may be effects of independent causes or of a common cause. One of these statements may be the effect of the other statement. Read both the statements and decide which one of the following answer choice/option correctly depicts the relationship between these two statements:

98. I. The prices of petroleum products dropped marginally last week.

II. The State government reduced the tax on petroleum products last week.

- (a) If statement I is the cause and statement II is its effect.
- (b) If statement II is the cause and statement I is its effect.
- (c) If both the statements I and II are independent causes.
- (d) If both the statements I and II are effects of independent causes.

99. I. The government medical college has decided to increase the number of seats in undergraduate course from the next academic session.

II. The government has decided to withdraw its grant from the government medical colleges from the next academic session.

- (a) If statement I is the cause and statement II is its effect.
- (b) If statement II is the cause and statement I is its effect.
- (c) If both the statements I and II are independent causes.
- (d) If both the statements I and II are effects of independent causes.

100. I. Many employees of the company proceeded on a day's leave on Friday.

II. Both Thursday and Saturday were declared holiday by the company.

- (a) If statement I is the cause and statement II is its effect.
- (b) If statement II is the cause and statement I is its effect.
- (c) If both the statements I and II are independent causes.
- (d) If both the statements I and II are effects of independent causes.
